

JBNA Directors' Report: January 2020

Happy New Year from the JBNA Board

2020 JBNA Board:

After years of service to the community, one to three members of the JBNA Board hope to step-down at the April 8th, 2020, Annual General Meeting. Board member duties shift depending on skill-sets and work to be done. JBNA does not have a home-base (office) hence communications are centred on e-mails; computer access is needed to function efficiently. To learn more about expectations, speak to any current JBNA Board member.

Laurel Point: Peter Pollen Park survey: City Parks has launched a survey regarding the future of Peter Pollen Waterfront Park at Laurel Point. City Parks will seek input/feedback at the February 12th JBNA General Meeting. The survey, which will close a few days after the JBNA meeting, focuses on the general direction for the park and the larger question of "What would you like to experience in this park?".

Cycle routes in James Bay: Also at the next JBNA General Meeting, City Transportation staff will be presenting concepts of possible cycle routes through James Bay.

Green Shores: CRD Harbours and Watersheds Program is offering a workshop for the community. The course will be held at the University of Victoria. Space is limited. To register: **Green Shores Level 1: Friday January 17th, 2020, 9am – 4pm.**

CRD Wastewater Project – Dallas Rd: Restoration work continues between Ogden Point and Government Street. Near Ogden Point, curbs have started to be installed and a new crosswalk will be painted at Montreal Street.

Correspondence: We are introducing a change this month. Key correspondence is posted on the jbna.org web-site. Go to jbna.org. Look at top menu, hit "For Information" button, and find correspondence. Also new to the jbna.org website is a City Neighbourhood Report which identifies City workshops and opportunities for residents.
